

IDLite LCD 1x5

with RF sensor

Model TF-LBK460

Electronic signature pad and integrated fingerprint sensor.

IDLite™ systems combine Topaz's trusted electronic signature technology with a state-of-the-art electronic fingerprint touchpad sensor. Perfect for applications in which identity verification, access control, or check-in is required. Powerful bundled software includes SigPlus® tools and plug-ins and SigID™ software for fingerprint capture, recognition, and scoring. IDLite features a patent-pending design that allows ergonomic and natural finger and thumb scanning from the front of the pad without awkward movement. The LCD provides electronic ink under the pen tip as you are signing.

Signature Sensor Type	Touchpad
Pen Type	Passive stylus
