

# Matrox M-Series™

## Drive Multi-Display Applications with Extraordinary Performance

Matrox M-Series multi-display graphics cards support up to eight high-resolution monitors from a single board and deliver advanced desktop management features to drive productivity, collaboration, and stability across business, industrial, and government applications.

### Key features:

- **Up to 2 GB of memory**  
For enhanced performance in demanding multi-monitor applications
- **Native PCI Express (PCIe) x16 performance**  
Maximum bandwidth to ensure best performance
- **Joined graphics card mode**  
Add multiple M-Series cards to support up to 16 monitors from a single computer<sup>1</sup>
- **DisplayPort™, DVI, and Analog support**  
Select from a variety of graphics cards to suit your requirements
- **Pristine image quality for high resolution monitors**  
DisplayPort™ and dual-link DVI cards support up to 2560 x 1600;  
DVI single-link/analog cards support up to 1920 x 1200
- **Low profile and ATX form factors**  
To fit in a wide variety of systems
- **Stretched and independent desktop modes**  
Supported in Microsoft® Windows® 7, Vista®, and XP
- **Edge Overlap for multi-projector blending**  
Included with Matrox PowerDesk desktop management software
- **Easy deployment and wide enterprise flexibility**  
Unified driver package compatible with other Matrox products
- **Multiple operating system support**  
Display drivers for Microsoft® Windows® 7, Vista, XP, Server 2003/2008, Server 2008 R2 and Linux®

<sup>1</sup> Operating system, system hardware, and driver compatibility need to be verified for large monitor configuration arrays.

- a) M9188 PCIe x16
- b) M9148 LP PCIe x16
- c) M9138 LP PCIe x16
- d) M9128 LP PCIe x16
- e) M9120 Plus LP PCIe x16
- f) M9120 Plus LP PCIe x16
- g) M9140 LP PCIe x16
- h) M9125 PCIe x16
- i) M9120 PCIe x16

<sup>1</sup> Card size = length, not including bracket and bracket connector x height, including slot connector. Card width is within specifications for a single card of the given type.  
<sup>2</sup> Please visit the Matrox web site for full product Limited Warranty information. <sup>3</sup> Requires DP to DVI-D cable (sold separately).

## PowerDesk Software Features available with all M-Series Graphics Cards

- Stretched (spanned) Desktop
- Independent Mode
- Edge Overlap for multi-projector blending
- Desktop Divider
- Matrox Pivot (Display Rotation)
- Matrox Clone
- Desktop Zoom with Feature Display
- Advanced Desktop Management
- Bezel Management
- Mode Management
- Unattended Install (User Profiles)
- M-Series multi-card support
- Joined graphics card mode
