17" Rear Mount TouchMonitor

GeneralTouch's Rear-Mount LCD monitors are designed for easy integration into kiosks, gaming and amusement products where compact displays are required. Being totally designed in house by GeneralTouch, all aspects of the design from the mechanical parts to future upgrading of the LCD panels can be controlled so as not to change the overall form, fit and function which in turn means no external changes for our customers.

The RTL173-A features pending IP64 glue seal at bezel edge to protect against dirt, dust, spill & liquids

When design space is limited, the RTL173-A's slim profile and optional mounting solutions make it the ideal choice.

Features

Slim profile with unique narrow borders

Long lasting product cycle: Mechanical parts controlled in house by GeneralTouch so that future upgrades do not bring external size changes

Multiple mounting options including Rear Mount and VESA mounting

Supplied with GeneralTouch's unique SAW touch screens

Fast Touch response time

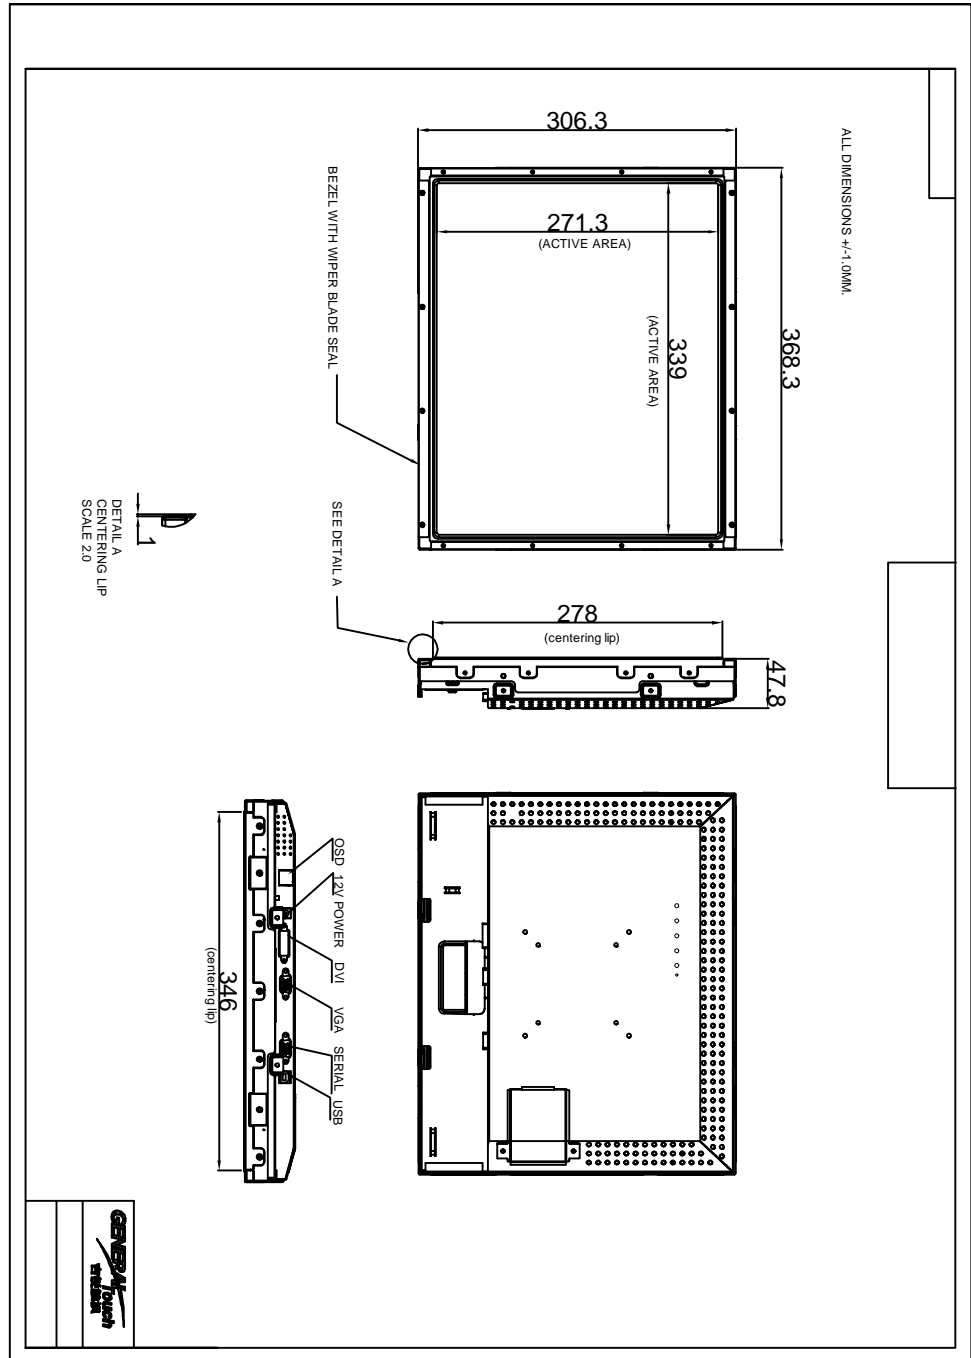

Supplied with Serial and USB touch interface

Multilingual and detachable On Screen Display (OSD)
