

IB-NAS6220 2x 3.5" HDD Network Mediaserver

Key features

Enjoy your media data collection all over the world via the Internet, centralized and organized on your ICY BOX Mediaserver.

- Share your media content with friends and family around the world
- Simultaneously, lossless video- and music streaming by multiple users
- Play back your media content with DLNA devices like media player, Xbox360, Sony PS3 and network compatible TV's
- WEB based user interface
- Powerful Marvel Chip Solution 6281 with 1,2 GHz
- Supports 2x 3.5" SATA HDD up to 2 TB
- Supports: LAN 10/100/1000 Mbps, RJ-45
- Network access via Samba and UPnP AV
- External data interface: 2x USB 2.0
- Additional USB 2.0 port for OTB and print server
- RAID level: RAID 0, RAID 1 and BIG
- Easy-Swap® HDD tray, screw less HDD installation
- Supports Windows XP/Vista/Win7, MAC OS > 10.4

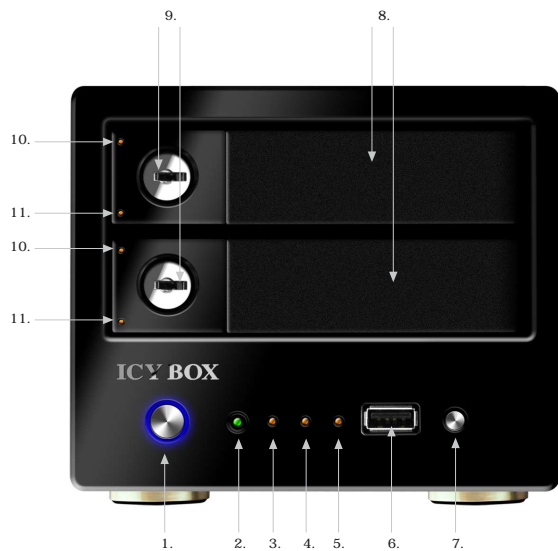

Technical data

Model	IB-NAS6220	RS-232	No
Article No.	43102	Server	Samba, FTPES, UPnP-AV, iTunes® Support, Printserver
EAN code	4250078184614	Operating system	Windows XP/Vista/Win7, MAC OS > 10.4
Brand	ICY BOX	RAID level	RAID 0, RAID 1 and BIG
Article text	2x 3.5" HDD Network Mediaserver	Data system	EXT4
Colour	Black	Processor	Marvel 6281, 1.2 GHz
Material	Aluminium/Plastic	Flash Memory	Nflash 256 MB
HDD size	3.5"	RAM	SDRAM 256 MB
HDD	2x 3.5" SATA	Button	Power switch, One Touch Backup, Reset
HDD capacity	Up to 2 TB	Display	No
External data interface	Gigabit Ethernet, 2x USB 2.0, 1x USB 2.0 for OTB and printer	LED	Power, system, HDD status, OTB status
		Language support	English, German, French, Spanish, Italian, Japanese
VGA	No	Power connector	Wall power supply, AC 100-240 V, 0,5 A, DC: 12 V / 2 A

| 6. Reset button |

Package content: 1x IB-NAS6220, 1x wall power supply, 1x LAN cable, 1x set of keys, 1x software CD, 1x quick installation guide (multilanguage)

Easy HDD Installation-Mechanism

With the patent-protected screwless HDD carrier you can install your HDD within seconds.

Easy to install, easy to handle

First, you don't have to be an expert, that's for sure. You need a PC with broadband access. Connect the ICY BOX to your router and simply follow the instructions from the installation CD. "You are connected." Anything else is as easy as surfing the Web.

Versatility and mobility

The ICY BOX media server collaborates with all devices that have access to the Internet like PCs and Macs, DLNA compatible media players, Xbox360 and Sony PS3 as well as TV sets with LAN-interface.

Share your life

Share your movies, music and photos with family and friends. You allocate rights simply by email.

Vast security

All data are stored on your HDD in your network behind your firewall and not on some "social network". Furthermore you can save your data with backups to USB drives. Or you set RAID 1 to create an exact copy of your data.

High quality

Already the first impression speaks for the ICY BOX. Solid aluminium case. Lockable HDD tray. Installation and changing of the HDD are possible without screws. The Marvel chip 6281 with 1.2 GHz and the 256 MB SDRAM handle several streams simultaneously and without jerking.

Logistical data

Packing unit:	x pcs./carton	Dimension/carton:	x mm	Import tax:	84733080
Total weight:	x kg/carton	Dimension of packing box:	x mm		
Gross weight (incl. packing):	x kg	Dimension of article:	x mm
