

SMS SECRET

NEW!

Silent and discreet motorized projector elevator which conceals the projector. SMS has developed a new, silent and economically-priced projector elevator. SMS Secret has a short stroke-length which makes it very stable. SMS Secret even conceals the cables neatly.

-
- Economically priced.
 - Holds up to 12 kg.
 - Short stroke-length, only 130 mm.
 - Stable
 - Conceals cables.

SMS SECRET

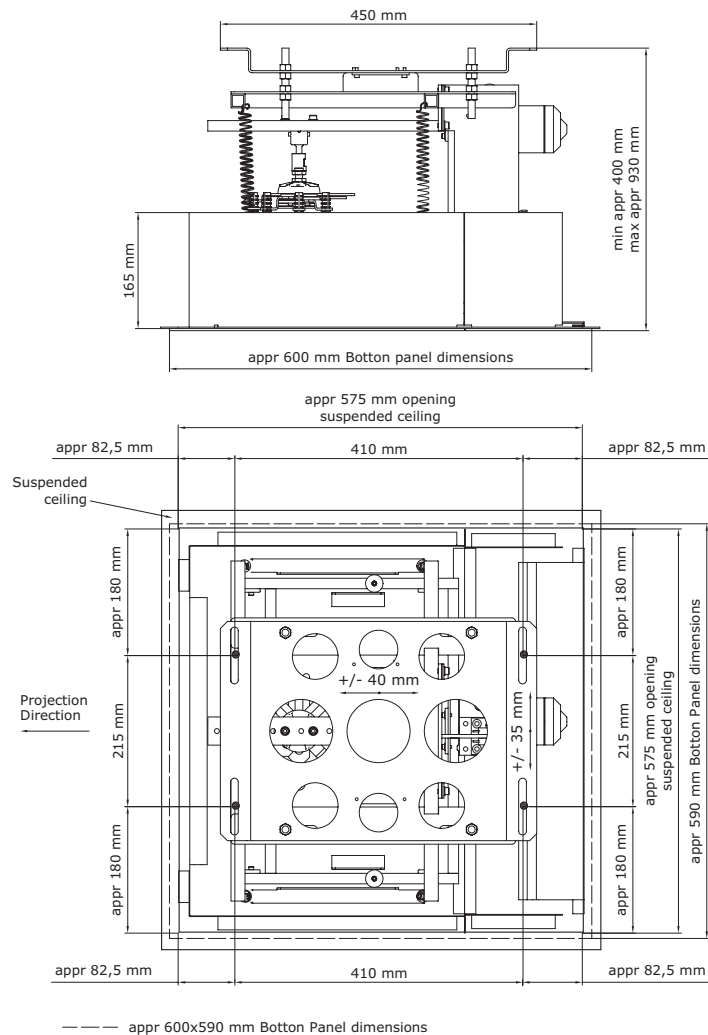

SMS Secret stores a projector practically in the ceiling. It is suitable for projectors with max. dimensions of approx. 360x140x320 mm (WxHxD). The elevator is designed for standard ceiling panels (cc-measurements 600x600) with an opening of about 575x575 mm. SMS Secret runs on two rails which makes it very stable both vertically and horizontally. SMS Secret is delivered complete with Unislide.
