Efficient communication in locations such as trade shows and hotel lobbys. The triangle-mounted screens catch the eye of the passer-by, independently of approach direction. The tilt and swivel functions allow the three screens to be mounted edge-to-edge and tilted.

A version with motor-driven height adjustment is also available, for added convenience.

The X series is characterised by clean and refined features. The cable holder, for example, into which it is easy to place all cables by hand. The surface finish has also been given extra attention.
