# CL3000

Lightweight PS/2-USB LCD Console

The CL3000 Lightweight PS/2-USB LCD Console is an integrated KVM (keyboard, monitor, and mouse) console module that serves as the front end console for compatible KVM switches.

Lightweight and with a 19" power-saving LED-backlit LCD, the CL3000 offers a space-saving, streamlined approach to KVM switch technology by integrating a keyboard, LED-backlit LCD monitor, and touchpad in a 1U housing. Additional console ports allows the second user local access, while in conjunction with an ATEN on the NET™ or KVM Extender, you can remotely control computers in different locations just as if you were right there in front of them.

Setup

CL3000

CN8000   or   CE250A

2nd Consoles	PS/2,USB
Computers	PS/2, USB
Shared Access	2 Local Users
OS Support	Win, Linux, Mac, Sun
LED Monitor	19"
External Mouse	USB

Windows 7

Features

- Integrated KVM console featuring a 19" LCD monitor in a Single-Rail Slideaway™ housing
- Green power LED-backlit LCD monitor saves energy
- Lightweight design for easier installation
- Dual Interface – supports computers with PS/2 or USB keyboards and mice
- Additional hot-pluggable USB mouse port on the front panel (also functions as a USB peripheral port)
- Multiplatform support – Windows, Linux, Mac, and Sun
- Superior video quality – up to 1280 x 1024 @ 75 Hz; DDC2B
- Firmware upgradable
- Extra console port – manage computers from an external console (monitor, USB or PS/2 keyboard and mouse)
- Console lock – the console remains securely locked away when not in use
- Slideaway™ housing is slightly less than 1U with top and bottom clearance for smooth operation in 1U of rack space
- DDC emulation – video settings of each computer are automatically adjusted for optimal output to the monitor
- Adjustable depth to fit within a rack
- Standard 105-key keyboard
