Replacement Guide

For E-Tether Pens

www.topazsystems.com

E-Tether Replacement

Steps

1. Locate the bay where the e-tether pen attaches to the Topaz tablet (see Figure 1).

2. Remove the screw that secures the bay cover to the Topaz tablet with a Phillips screwdriver. This cover prevents the pen from being removed from the pad. (see Figure 2).

3. Remove the bay cover and remove the 1/8" plug from the Topaz tablet and replace it with a new e-tether pen. (see Figure 3).

4. After the e-tether pen is replaced, replace the bay cover and screw to secure.
